Crime in New York.

[From the New York Sun.]

THE MYSTERIOUS GATHERING.

Early in this month a party of gentlemen were seated about a marble-topped table in the parlor of a fashionable club house on the Fifth-ave. Sofa-bottomed chairs, plush settees, and a thick velvet carpet were bathed in the mellow glow of softly shaded gaslights. Heavy laced curtains dropped from gilt window cornices, and an elegant side-board stood in one corner of the room. Waiters in full dress answered the faintest tinkle of silver hand bells. The conversation of the party was carried on in a low murmur. The faces were sober, even sad. It was evident that the topic under discussion was of extraordinary interest. The evening lengthened. The room became blue with the fragrant smoke of a dozen choice cigars. And still no smiles swept over the sober faces at the table. The tiny hands of the clock crept to the hour of midnight, but the murmuring conversation still continued. Gestures were frequent, and occasionally an energetic sentence was spoken in a sharp, business-like manner. The waiters threaded the group noiselessly, and disappeared as soon as their orders were filled. Occasionally a diamond flashed from the bosom of an excited speaker, or sparkled from fingers which were impatiently drumming the marble before their owners. One o'clock came. The business of the conclave was accomplished. Waiters brought in overcoats and canes. The party drifted down stairs, crept within the carriages dripping in the rain at the door, and were driven to their homes.

THE 'PARTY' TO BE PURGED.

All this at the Manhattan Club House. All these were prominent members, chiefs of a great political party, who had determined to purge that party of a load which threatened to strangle it in a city where its majority was numbered by tens of thousands. After an earnest deliberation, it was determined that the welfare of the party, if not of the public, demanded a change. Under the lax enforcement of the laws crime was running rampant. Notorious thieves and burglars had grown more than ordinarily bold, trusting to the secret springs of political action for safety when detected. Vigilance Committees had been organized, and city officials had been threatened with the halter. A change of policy was indispensable. It was therefore deliberately resolved to throw without the pale of the party the county official whose affiliations with the criminal portion of the community were the closest. Justice should be allowed to take its course, and robbers and murderers should be punished at all hazards.

'THE INCORRUPTIBLE JUDGE.'

Tuesday, the 10th of February, came, and with it a remarkable charge from an incorruptible Judge—a charge that recognized the fearful increase of crime, and that evinced a determination to battle with it manfully, and to stamp it out with the strong foot of law. The District Attorney was to be no longer fettered, and witnesses were to be no longsr wearied. Trials were to be no longer delayed until public sentiment had been toned down, or the memory of the crime had dwindled to forgetfulness. Retribution was to be swift and sure. An old standing rule of the Court, which provided for the postponement of a trial on the arraignment of a prisoner, was promptly revoked, to the surprise of all the old Court officials.

CRIME INCREASES—THIEVES 'WON'T READ.'

This was the bugle blast of the war against the scoundrels who had too long robbed and murdered unoffending citizens with impunity. The thieves laughed in their sleeves. It was only the old dodge, so they said, 'to shut the eye of the public.' They could control the Primaries, and they would like to see the man that 'would go back on them.' Bold crimes increased in number. The plate glass of the Park Bank was smashed in broad daylight; a broker was choked in his own office, and his money carried off before his eyes, just before nightfall; a wealthy gambler was pinioned and gagged, early in the evening, in his room fronting Broadway, thousands of dollars taken from his pockets, and precious gems torn from his fingers and his frilled shirt bosom; a diamond merchant was waylaid in Fourth street; and a hundred daring petty crimes cropped out in various parts of the city, while above them all the specter of the Rogers murder towered, and haunted the public mind like a hideous nightmare. The thieves would not read the signs of the coming storm.

TEN MINUTES' WORK.

At length Mr. Stephen Boyle, with a dozen aliases, was seen lurking around Squires' jewelry store in the Bowery. The police successfully intercepted him. He jumped into a butcher wagon and drove for dear life. The police pursued. A running fire of pistol shots was scattered along the Bowery, but the officer caught his prey uninjured. Boyle belonged to a gang who boasted of their political influence. He was caught on a Monday—he was tried and convicted on Thursday. The unflinching Judge unhesitatingly sentenced him to the State Prison for 10 years. On the same day three thieves of political influence pleaded guilty of burglary in the third degree. The bail did not take—sentence was not suspended. They were given the full term—five years in Sing Sing. In the Court of Oyer and Terminer, at the same hour, George Jones, a thief, was tried, convicted of burglary in the first degree and sentenced to the State Prison for 20 years, the whole proceeding occupying only the short space of five minutes. Quick work was this by an earnest Judge, reelected last Fall. And this is a Judge for whose impeachment the *Tribune* has clamored during the past year! Nor was this all; on the same the same Judge sentenced one McNamee, a highwayman, to prison for ten years.

THUNDERBOLTS DROPPING.

So much for one day's work. The thieves were alarmed. Thunderbolts were dropping from an apparently cloudless sky. They were caught in a storm of red hot coals without their sheet iron umbrellas. The public forgot the Rogers mystery and showered encomiums upon the two Judges. But a jargon of curses arose from the slums of the Sixth Ward, the "fences" of Prince street and the liquor shops of the Sixteenth and Twenty-first Wards. Threats of assassination were loud and deep. Politicians were 'seen,' but in vain. The magic word 'Primaries' had lost its charm.

Failing in their schemes, the thieves attempted by open force what they could not accomplish by strategy. The corners of Centre street were packed and prisoners were taken from the custody of deputies. The entries and stairways of the Court Room were filled with professionals, and the room itself was crowded, with the intention of overawing the Judges. But all was of no avail—justice was dealt out with inexorable rigor.

BARNARD "IN THE MIDNIGHT GASLIGHT."

Then a pet of the thieves, himself a deputy sheriff, was brought to the dock. He was a man who had premeditated and carried out in cold blood the murder of a policeman. So confident was he that his political strength would secure him from the consequences of his crime that he had proclaimed his intention of murder in an open court room. The readers of the *Sun* have perused the history of his trial. The chamber of the Court was thronged with worst desperadoes. Witnesses were threatened with death; the jury was dared to bring in a verdict of guilty; bets of $50 to $10 were made in the presence of the jurors that the murderer would escape. The Judge on the bench was cursed for his precautions against an attempt to rescue the murderer. In open Court he warned the villains that their purposes were known, and that they would not be allowed to succeed. So great was the danger that the presence of 200 policemen was necessary to prevent an outbreak. The witnesses gave in their evidence with nervous reluctance. The jury retired to deliberate, but were afraid to return with their verdict. Even the Judge resorted to stategy to clear the room, saying he was going home, and ordering the jury locked up, as there was no prospect of their agreeing. The gang still watched the proceedings with wolfish eyes. At last the jury returned. Fear had left its trace in the verdict, for it was tempered with a recommendation to mercy. The gang festered with curses; but the Judge, with quiet dignity, arose in the midnight gaslight and sentenced the brutal assassin to death. By his order the doors were closed and the prisoner sent to the Tombs. Then the thieving mob went to their homes.

THIEVES THIRSTING FOR THE BLOOD OF THE "LION HEARTED" BARNARD.

This Judge was the only one who had the courage to wage an open warfare with the robbers and murderers. He was taken from the regular term of the Supreme Court and placed over the Oyer and Terminer solely on account of his indomitable pluck. The thieves know and fear him. All their efforts to procure the usual writ of error have failed. Even if a writ of error should be granted, the the lion-hearted Judge has announced his determination to quash the proceedings.

John Real was sentenced to death. From that moment his gang of cutthroats dogged the footsteps of the Judge. The witnesses are hourly threatened with murder. The life of one of them was saved only by the timely presence of a police officer. The hatred of the gang, however, seems to have been concentrated upon the Judges.

THE THIEVES AT BAY—BARNARD ESCORTED HOME BY A PROMINENT REPUBLICAN OFFICE-HOLDER.

On the evening succeeding the sentence of death the Judge visited a friend in the Fifth-ave. Hotel. In ten minutes the main hall was filled with a crowd of beetle-browed ruffians, all eagerlly scenting his tracks. Respectable citizens gazed at the unusual irruption in wonder. The Judge, though unarmed, remained cool and impassive, not seeming to notice the scowls of the gang or the curses hissed in his ear. Once he asked a number of well known citizens whether they had any special objection to accompany him home. All refused. One man—a prominent Republican office-holder—took the Judge by the hand.

"You are doing a noble work, Judge, but you are in great danger. Why do you go unarmed?"

"The law forbids the carrying of concealed weapons. I cannot break the law even if my life should pay the forfeit. I shall do my duty regardless of consequences."

"I am armed, and will go home with you," replied the Republican.

THE BAND OF ASSASSINS AT HIS HEELS.

The circle of ruffians was broken and the two passed without the door of the hotel. Stealthy footsteps followed them and beneath the gas lamp at the intersection of Broadway and Twenty-first street another murderous-eyed gang was encountered. The Judge and his companion were saluted with profanity, but no violence was offered. They reached the Judge's home in safety. But the band of assassins are still at his heels.

BARNARD IS "BITTERLY UPBRAIDED" BY O'BRIEN, WHO DON'T WANT TO BE CAST OUT.

Will John Real be executed? His comrades are fearfully excited. They have no hopes of Governor Hoffman's interference, and, as a last resort, they have rested their expectations upon Sheriff O'Brien. They openly assert that that official will not obey the mandate of the Court. They say that the Sheriff will take the risk of impeachment for a dereliction of duty, and afterward throw himself into the arms of his constituents for a re-election. His fight with the leaders of his party has already begun. It is said that the Judge has been bitterly upbraided by the Sheriff for his exposure and defeat of the plan for the rescue of Real.

But the death sentence has been pronounced, and the assassin must die. If the Sheriff refuses to do his duty another officer will be found who will execute the sentence of the law.

In the mean time the half-formed Vigilance Committees are becoming stronger. Their members will sustain the Judges in their determination to sweep the criminals from the city. The clouds are breaking, and a long night of violence and crime is passing away. The end is at hand.

THE BRITISH COLONIST.

Wednesday Morning, April 7, 1869.

THE state of the Colony induced oven the followers of Government to join the intelligent members of the Council in passing the Drawbacks Bill and the Mineral Lands Bill; the former to remove the most vexatious of the obstructions to trade, the latter, by offering liberal inducements, to attract capital to the Colony. The result is well known The first having been passed by a large majority in the Legislative Council, under the impression that being only a moderate step in the right direction it would be at once assented to by the Governor, was shelved by sending it to the Home Government for approval, whence, if ever returned it will be with a negative; or even were it otherwise, the lapse of time will render it useless, or at any rate afford the opportunity for neutralising its effects when it does arrive. The last measure, after it had been passed through Committee, was absolutely brought back and altered through the votes of timeserving men who obtained their seats in the Council on the strength of local prejudices or in consequence of local apathy. That any people would tolerate without remonstrance a government that paid itself enormous emoluments for pretended services rendered to the public, when to quietly permit its retention of power is simply committing slow suicide, is almost incredible in this enlightened age; and what we particularly desire to impress upon our citizens is the necessity for unity of action to free themselves from the incubus and to secure a cheap and popular form of Government. Spasmodic and individual effort is worse than useless, not only in its futility, but in its influence upon the general public—creating the impression that all such action is vain, and discouraging men who would other wise aid in the cause, from putting forth a helping hand. It also flatters the vanity of those who we seek to influence by its impotency, and leads to the belief that any movement with the the object of changing the present system, must necessarily end in failure. Let every step be known, that all may advance together. This will give confidence to the timid and strengthen the strong. Moreover, the effects of united action will be to sweep all obstructions before it, and the people will stand forth in all their majesty and power. A long period of years spent in the indolent enjoyment of public emolument renders the heart callous, by a strange contradiction in nature, to the very requirements for which the position was made. Under a popular form of Government the first years revenue would be found sufficient to defray the expenses of governing the Colony, repair all the roads and bridges, fit out an exploration party for the Island, and perform many other necessary objects, besides admitting of a considerable relaxation of the Customs' dues, and, perhaps, a drawback upon certain articles produced in the Colony and shipped to foreign ports. The difficulties of this Colony lie in a nutshell. *It is governed too much and too expensively.* The money that should go towards advancing the material interests of the Colony, in procuring employment for hundreds, in perfecting improvements, in fostering interests now literally "going to the dogs," is nearly all required to meet the legitimate and illegitmate expenses of Government under the present cumbersome system. It is against a continuance of the iniquity that we propose to protest in an emphatic and unmistakeable manner. Let us make a united and final effort for redress. Let there be no blinking of facts—no shielding of this or that officer from censure. Let our case be stated calmly, manfully, fearlessly, and let us patiently abide the result.

A CALIFORNIA PAPER'S OPINION OF WHITE PINE.—The Marysville *Appeal* of a late date says: "Our people go to White Pine to prospect, but White Pineers go somewhere else. The White Pine *News* of the 6th inst. says: "A prospecting party under Jas. Basey has left Treasure City and has gone in the direction of Steptoe mountain. They may prospect in the Wasatch range, which is south of Salt Lake. The party will be absent for several months, and are well prepared.' Cannot sensible men understand by this act that the rocks about White Pine are not all silver? White Pine is sure to turn out an immense humbug. There are good mines there, but too many people are after them. The rust is proportionable to the size of the humbug."

DEATH OF A CALIFORNIA JUDGE.—Hon. S. W. Brockway, until recently Judge of the Eleventh Judicial District Court, in California, died April 1st of congestive chills, at the residence of Alvinza Hayward, San Mateo, aged 38 years, Judge Brockway visited this city about three years ago.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DISPATCHES

Eastern States.

NEW YORK, April 5.—The Committee of Ways and Means to-day resolved to promptly examine the Custom-house warehouses and revenue offices from Boston to San Francisco, during the recess, preparatory to framing the Tariff and Revenue Bills at the next session of Congress.

The President to-day signed the Tenure of Office Bill.

Among the nominations sent to-day to the Senate was Jacob P. Clark, at Olympia, Register of the Land Office.

CHICAGO, April 5.—Charles Snowdown Tairfax, of California, died yesterday at Barnum's Hotel, Baltimore. He will be buried to-morrow by the Masonic fraternity in Rock Island Cemetary, a few miles from Washington.

WASHINGTON, April 5.—In the Senate, Chandler called up the bill authorizing the New York and New Foundland Telegraph Company to land their cable on the United States Coast, and moved an amendment extending the same provision to any company chartered by any State.

The joint resolution to protect the interests of the United States in the Union Pacific Railroad came up. The pending question was Sherman's amendment authorizing the President to fix the junction of the two roads, and if he deems it necessary, to appoint a board of eminent citizens, not exceeding five, to examine and report in regard to the proper point of junction; also in regard to the condition of each railroad. No action was taken.

In the House a number of bills were introduced, including one for a full day's pay for eight hour's labor. A bill passed to carry into effect the treaty with Mexico, and for the adjustment of claims. Braverman vs. Harris.—Suit for $60 for instruction of son of the defendant preparatory to confirmation according to the Jewish rites. Remanded for further particulars. Mr Bishop for plaintiff; Drake, Jackson & Aikman for defendant

Terry vs Balls.—Suit for $36, goods supplied for defendant's use at the Identical Saloon. The plaintiff was nonsuited, failing to prove any agency on whose behalf it was suggested the goods were ordered. Pearkes & Davie for plaintiff; Mr. Green for defendant.

Oldenberg vs Kemyer.—Suit for $53, value of goods sold and cash lent. Verdict for the plaintiff. Mr. Bishop for plaintiff.

Several cases of minor importance were disposed of. Fitzgerald, plaintiff in the suit for damages for alleged slander, did no make his appearance.

THE CAPITAL QUESTION.—We have before us the Liverpool *Weekly Mercury*, of 6th February last, in which appears an editorial article bearing upon the question of the location of the Capital of British Columbia, and warmly advocating the claims of New Westminster as the seat of Government of the Colony. The writer recapitulates the "grievances" under which the people of New Westminster labor and the peculiar hardship of the policy that has rendered the labour and energy of the inhabitants comparatively worthless." The article concludes by saying that Mr. William Fisher has been selected as the representative of New Westminster in London and that he has just arrived in England for the purpose of "laying all the facts before the Imperial Government, and of demanding compensation in full for the injury they have sustained by the transfer of the seat of Government to Vancouver Island. A respectful memorial will be presented to the Queen, setting forth the facts, and asking that her Majesty will appoint a Commission of Inquiry thoroughly to investigate the matter, and in the hands of such Commissioners the memorialists are prepared to leave the decision." It would be interesting to know whether a copy of the memorial which Mr. Fisher bears passed through the hands of his Excellency the Governor? Whether it received the endorsement and signatures of all the people of "New Westminster and adjacent sections"? and, whether it is intended to renew the agitation, with the scene changed from the banks of the Fraser to the Court of St. James? Perhaps the honorable member for New Westminster, now in Victoria, can furnish an answer,

THE PUGET SOUND RAILWAY.—Mr. Cooke Secretary of the Puget Sound Railway Co., came across by one of the Sound steamers on Monday night and is now in town. The work upon the road must be commenced within six months, and the entire line completed within the space of five years from the date of commencement. The inhabitants of the various towns on Puget Sound are still greatly "exercised" as to the probable terminus of the line, and inducements of the most liberal character are held out to the company. For instance, one town has offered a free gift of one-half of all the land comprised within its corporate limits, provided the company will agree to have the line stop at their doors. Another incipient city offers three-fourths, and still a third, seven-eights of all its property. This is what Ben. Franklin would say is paying dear for the (locomotive) whistle. It is not probable that the spot will be selected until after the arrival of the railroad party.

LECTURE.—His Lordship Bishop Hills delivered his lecture on India last evening at the Mechanics' Institute, and afforded a numerous audience the pleasure of listening to one of the most delightful lectures of the season. A hurried notice such as we could give at so short a period before going to press would only do the subject and the lecturer scant justice; we therefore defer any lengthened notice till our next issue.

THE Zealous will probably depart on Saturday morning.

MERCANTILE INFLUENCE WITH THE BRITISH MINISTRY.—A few days ago the telegraph reported that the British Ministry declined to renew the mail contract with the Cunard line of steamships. Two days thereafter, the same authority announced that the Chamber of Commerce of Liverpool had petitioned in favor of the renewal of the contract; and yesterday we learned that the Ministry had acceded to the prayer of the petition. So much for popular pressure upon the Government of Great Britain. Of what material must *our* Government be composed, when a popular endorsement appears to be the very weakest backing that any scheme can possess?

PACIFIC STEAMERS.—A San Francisco paper says: "The North Pacific Transportation Company, recently incorporated here, which takes the place of the California, Oregon and Mexico Steamship Company, owns sixteen steamers. The Active, John L. Stephens, Moses Taylor, Oriflamme, Orizaba, Pacific, Panama, Senator, and the Sierra Nevada are side-wheel steamers; and the Aj x, California, Continental, Gussie Telfair, Idaho, Montana and the Pelican are screw steamers The largest is the Stephens, 1,837 tons, and the smallest the Gussie Telfair, 413 tons."

THE Canadian *News*, February 3d, learns that "Sir George E. Cartier, Bart., and the Hon. William Macdougall, C. B., are now engaged preparing a paper, to be placed in the hands of Earl Granville, with reference to the recent communication received by his Lordship from the Hudson Bay Company, and it is expected that it will be ready for the use of the Colonial Minister within the present week." This paper doubtless contained the proposition of the Canadian Government, which has just been accepted by the Hudson Bay Company.

A BURGLAR was detected in a store at San Francisco after having robbed the safe of $600 or $700 in coin. He had secreted himself in the store on Saturday evening before it was closed, opened the safe at his leisure, and on Sunday morning was preparing to make off with the funds when one of the proprietors chanced to visit the premises and caught the gentleman with the plunder in his pocket.

BISHOP OF COLUMBIA.—His Lordship the Bishop of Columbia and Mrs Hills will leave here on Thursday of next week by the steamer Wilson G. Hunt for Olympia, W T, whence they will proceed overland to Portland, and thence *via* steamer to San Francisco. An address lies for signature at Messrs. Hibben & Co.'s, Government street will be presented on Friday.

A NEW WRINKLE.—Within the last year or two a custom has come into favor with young couples entering matrimony and having an eye open to economy to insert at the foot of their marriage announcement the legend "No Cards." Recently the custom has been improved upon by the insertion of the following information: "No cards! No cake!! No wine!!!"

A LUMP of metal brought from Sitka to Portland by the Geo. S. Wright, has been assayed, and proves to be nothing more than what is called "gun metal"—the product, probably, of some old Russian cannon melted down and spilled among the rocks. It contains nine parts of copper and one of tin.

NOT TILL 'SEVENTY-TWO.—It is now asserted that Governor Seymour's commission dates from the period of the Union of the Colonies. In that case His Excellency's commission has just three years and a-half to run. Is there any hope, meanwhile, of a change of Constitution?

THE COLONIAL SECRETARYSH'P. — Upon excellent authority we have it to state that Mr. Hankin was yesterday informed that he will be sworn in as Colonial Secretary on Thursday (to-morrow) morning. Mr. Young goes home and thence to some other Colony.

DEATH AT THE ROYAL HOSPITAL.—Henry Cole, a native of Lincoln, England, aged 30, died on Monday night at the above institution of consumption and softening of the brain. He had been lately employed by Mr Finlayson.

DEVELOPING WHITE PINE.—The curbstone miners of Montgomery and California streets are developing White Pine at rapid rates. Up to Monday 160 companies had been incorporated for that district, with a paper capital of nearly $250,000,000.

FELL'S COFFEE has become the favorite Colonial beverage, and is to be found on every breakfast table from Victoria to the foot of the Rocky Mountains. *

A. GILMORE, Tailor, wishes to inform his friends and the public that he is selling off the balance of his winter stock at cost to make room for spring goods. *

THE latest Spring Styles of Men's and Boys' Straw and Felt Hats, direct from New York and England, have just been opened out at Adams & Beavan's, Government street. *

THE ORIFLAMME.—A private dispatch received yesterday states that this steamer will arrive at Victoria on or about the 20th inst. with the railroad party on board.

WE learn that His Excellency the Governor and Mrs Seymour are preparing to visit New Westminster shortly, for a brief stay in that town.

THE Fly, Capt. Frain, arrived last evening from San Juan. She brought over 4 or 5 passengers, United States officers.

Evidence from the Land of Gold!

"My scald head, or tetter, about which I wrote you before, is all gone. Five bottles of Bristol's Sarsaparilla cured me."—E. FORBES, *San Jose.*

"Your Bristol's Sarsaparilla and Pills have cured me of Salt Rheum that I had suffered with for seven years."—R. JOHNSON, *Mariposa.*

"I really believe that Bristol's Sarsaparilla and Pills have been the means of saving my life."—T. J. EDWARDS, *Stockton.* 571*

Well to-day, Sick to-morrow.

Such is the experience of thousands. Few enjoy continuous health. To what does the occasional invalid attribute his uncertain condition? Not to himself, of course. He lays the blame on the climate, perhaps. It is too hot or too cold, or too damp, or too dry, or too variable. But does he take the proper course to fortify his constitution and bodily organs against the extremes and changes of which he complains? No he says, perhaps, that only an iron man could bear such great heat or such violent cold or such sudden vicissitudes. Why then does he not resort to the great Tonic and Preventive which if it will not make him an iron man will at least quadruple the capacity of his system to repel all external agencies that tend to produce disease? HOSTETTER'S CELEBRATED STOMACH BITTERS, taken faithfully according to the directions, will so strengthen the stomach brace the nerves, tone the liver and regulate and invigorate the whole animal machinery, that the system instead of being at the mercy of the weather and liable to be prostrated by every change of temperature will become case-hardened as it were and almost impervious to climatic influences. It is to this preventive principle that HOSTETTER'S BITTERS owe their great popularity in the West Indies, British America and Australia. 19.

Fever and Ague, Chills and Fever,

And every other form of intermittent or remittent fever, are speedily controlled, relieved, and cured by the use of Bristol's Sugar-coated Pills and Bristol's Sarsaparilla. These two remedies act directly upon the stomach, liver, blood, and humors, and if patients will only follow the directions printed on the label and wrapper, a quick recovery to health will be their reward. 572

Everlasting Perfume!

MURRAY & LANMAN'S FLORIDA WATER has often been styled the "Everlasting Perfume" It is indeed true that its delightful and refreshing fragrance lingers for many days around whatever it touches—unlike the ordinary perfumes, that leave no trace of their momentary existence save the sickly, heavy odor of rancid oils.

☞ As there are worthless counterfeits of this delicious perfume buyers should always ask for the Florida Water prepared by Lanman & Kemp, New York. 547.

HOLLOWAY'S OINTMENT AND PILLS.—Much watchfulness must be exercised as winter advances and the earliest evidences of ill health must be immediately checked and removed or a slight illness may result in a serious malady. Relaxed and sore throat, diptheria, quinsey, throat cough, chronic cough bronchitis and most other pulmonary affections will be relived by rubbing this cooling Ointment into the skin as near as practicable to the seat of mischief. This treatment so simple and effective is admirably adapted for the removal of these diseases during infancy and youth. Old asthmatic invalids will derive marvellous relief from the use of Holloway's remedies, which have brought round many such sufferers, and re-established health after every other means had signally failed. 39

A work of considerable interest and extent might be written on the subject of cosmetics and the diversified modes of Personal Embellishment resorted to, by various nations, in different ages of the world. The singular, and often dissimilar tastes which have influenced mankind in this respect, would afford a volume no less amusing than instructive; but we will affirm that no preparations for the toilet, either of ancient or modern times, can vie in excellence with the admirable productions of Messrs. ROWLAND, whose invaluable KALYDOR, in particular—a cream-like, balmy preparation—affords the most mild and safe, yet efficacious preservation, ever afforded for perpetuating the beauty of the skin, and the charms of youth and loveliness. 6*

CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerne the most wholesome influence over the internal structurets It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe-

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

his class of diseases may be cured by well rubbing th Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency nd safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act opowerfully on the constitution and so purify the blood that these disorders are completely eradica ted from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complain which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked to in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body nd mind, false delicacy concealing them from the knowdge of the most intimate friends. Persons suffer for ears from piles and similar complaints when they might se Holloway's Ointment with instant relief, and effect heir own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Grave';

EXTRAORDINARY

CURE OF A COUGH.

The following letter has been received from WILLIAM BOARDS, Esq., an extensive agriculturist and land agent, residing at Edmonton, Middlesex:—

"Nightingale Hall, Edmonton.

"Dear Sir,—I have recently suffered much from a most violent cough, proceeding from a tickling in my chest, which no remedy, out of many I resorted to, could allay. My head was constantly aching, and my whole frame entirely shaken Having seen the good effects of your Balsam of Aniseed in several members of my family, I purchased a small bottle, and, when going to bed at night, took a teaspoonful in two tablespoonfuls of water, just warm. The effect was immediate; it arrested the tickling in my chest, I slept well and arose perfectly restored in the morning, with the exception of debility, arising from fatigue by incessant coughing for some days previous. My cough entirely left me, and has never returned Having since heard of a lady in the neighborhood who for a long time had laboured under a most distressing cough, and who had resorted to every remedy within her knowledge, I sent the remainder of the bottle to her; and that long-standing, obstinate, and (as she thought) incurable cough, was perfectly cured. You are at perfect liberty to make what use you may please of this communication, as the contents are strictly true I shall take every opportunity of recommending your inestimable medicine, feeling as I do fully assured of its efficacy.

"I am, dear Sir, yours very truly,

"WM. BOARDS.

TO THE UNFORTUNATE

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street; St. Mary's, Camb. Place, Pad.; Lock, Harrow Road: University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street.

Dr. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cured or, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Semine Emission the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

O those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast.

Address Dr J. F. Gibbon, 616 Kearney street, corner Commercial, San Francisco.—Post office box 252.

Remember to put BOX 252 on the letter.

Consultations FREE.

Correspondents will please inform Dr Gibbon that they read his advertisement in British Colonist.

French Medicines,

PREPARED BY

Chemists to H.I.P. Prince Napoleon

THESE different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medicalmen, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.
